

V. JSCRCC FIELD PROCEDURES

Due to our flying field being on government property, several procedures are unique to the club and must be observed at all times as listed below.

1. Any time the Antenna Range is in use by NASA the field is closed to all R/C flying. Also flying is not permitted during working hours.
2. All JSCRCC members should be prepared to show their Club Field Pass and photo ID when requested by NASA Security Personnel. Members must also be on Security's check list to ensure that members will be allowed on site at any time.
3. Club members will drive with caution to the field parking area at the edge of the pavement near the shade canopy. When RC aircraft are flying, all vehicles and pedestrian traffic will wait at the stop sign to be motioned on.
4. The only people with permission to fly on the JSC flying site (Building 14 Antenna Range) are JSC Government employees, JSCRCC current Club members, and guests with a current AMA license/membership card accompanied by a JSC or JSCRCC Club member. No JSCRCC Club member may fly without his/her Club Field Pass.
5. Keep the flying site and parking areas clean. Every member must do their part, even if we didn't have anything to do with creating the litter on the field. Pick it up and take the litter home for proper disposal in your trash can.
6. All engines having a displacement of more than 0.10 cubic inches must be fitted with an effective silencing device when being operated at the flying site. Straight extensions or stacks are not allowed.
7. No pilot shall fly while under the influence of alcohol or illegal substances. NASA regulations prohibit entering or leaving JSC property, or operating a motor vehicle while under the influence of alcohol or illegal drugs.
8. Club field passes are prepared by the Club Treasurer and are labeled as "R/C PILOT", "INSTRUCTOR", or "STUDENT". All new club members will be issued a "STUDENT" field pass until it can be verified that he/she meets certain flying standards per the pilot certification procedures given in Appendix B.
9. Holders of "STUDENT" field passes will not be allowed to fly without an instructor present.
