Next Zoom Meeting – February 11th, 2021

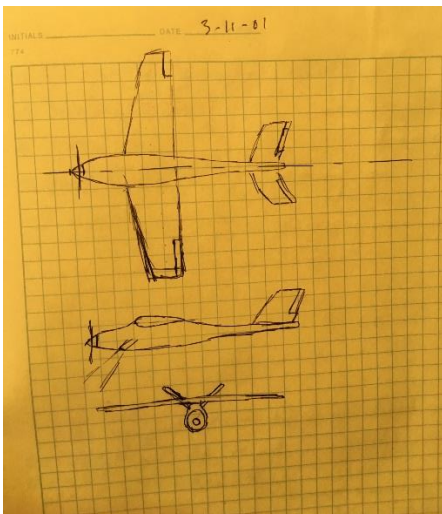

## IN THE PITS

by Mike Laible

Second month of 2021. So glad its here, feels so different, NOTTTTT.

My wife got the vaccine and she has not grown a third ear so I guess I'm next.

With all this downtime it sure seems like I have less time to build, but getting some things done. One thing I did do is clean out some old papers (guess I don't need my 1996 tax forms anymore). While doing this I found my notebook of CAD info (yes, I do have 6 original designs drawn that I sold) and some hand drawings. Found this old guy. Think I need to get it drawn up

I really have nothing new to share. I have the feeling that for 2021 we should all join a club of your favor. From the discussion with NASA, at least past summer. That's the thinking so far.

So soon we will have to cancel the Warbirds over JSC. Darn, we had a nice run. I think how everyone pulled together and worked hard to pull off the fly-in. Truly a nice time of comradery.

Since were not having it this year April will be a drought month. :') Gosh, remember the first year!!! We were all huddled under the canopy. What memories.

Anyway, this is late but lets try to tag up and see what everyone is up to.

*Remember, never stop building and never stop flying. Godspeed and safe landings,*

## January Minutes

by Mike Laible

The January zoom meeting was well attended. At one time we had about 16-20 participants on the zoom meeting. I didn't get much into business because I felt that it was more important to hear from everyone. So minutes are – don't miss tomorrow night!!

## What's Up Around the Club

by Mike Laible

Whats up around the club? Below is a compilation of pics over the month.

Canopy in need of repair. Trying to see if we can get in to repair but so far itsw a no unless someone has access already.

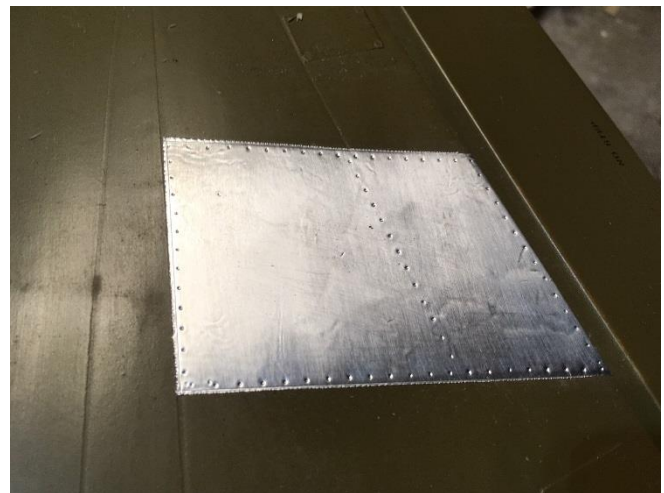

Tom and his Laser, Fresh looking canopy

The pictures above and below are of the B-25 I'm building. Gonna have twin twins. Got all the fuel lines routed and electronic ignition mounted.

Below is a little patch on a P-47. Used Flight Metal to patch up a paint problem. Used the trusty clock gear to lay down some rivets.

Got an invite to fly at Bomber Field. Keith snapped a picture, having fun.

A pic of Big Bob at Bomber Field

Jerry doing some flying at Alvin field.

Finally, to end this months late newsletter I wanted to show Jimmy Cowmans B-24. He made the canopy for the B-24 D. Can't wait to fly formation with him.

That's all for now. I will send another email out soon talking about the next meeting.
