MEETING NOTICE

Date: Feb. 13, 1976
Time: 7:30 PM till ?
Place: Southwestern
Savings Assoc.
NASA #1 & Nassau
Bay Drive.
Program: Zen and the Art
of Radio Installation
by Art ARRO

This newsletter will be brief but very important in several respects. Firstly, there will be an entirely new system of member identification for access to the JSC/NASA flying site. The situation at the field is getting out of hand with unauthorized fliers, unsafe practices and littering to name a few. John Kiker will present the new system at the meeting and in the meantime take a few minutes to read the enclosed field rules. They are quite explicit and they follow common sense practices. As stated in the rules, we have an excellent flying site and let's not jeopardize our flying privileges by some foolhardy action. Nuff said on that matter and please try to make it to the meeting. Through, especially if you are an active flier.

The MSCRCC will host their first contest of 1976 in the form of a QUICKIE-500 Race on Sunday, February 15th. We expect a large turnout with many out-of-town entries so come on out and enjoy the fun. As mentioned in previous newsletters and at the club meeting we ask for volunteer workers to put on the contest. There are several "desk" jobs open and your participation will help make this meet a success. See you Sunday.

J.W. Smith, our VP, has put together a refreshment list for those volunteers who provide the goodies at the meetings. See him on this if you've offered this service or are thinking about doing so. It's really not that much and is an excellent opportunity to do something for your club.

The club trainer, operated by Harvey Duck, is alive and well. It is chalking up many flights teaching beginners the rudiments of R/C flying. Please contact Harvey at 488-7493 to coordinate times and dates for instruction. This is necessary due to the large number of aspiring R/C fliers and to permit some personal flying for Harvey himself. Remember that beginners have priority in flying the trainer.

I was intending to include a club roster with this mailing but the new Zip Codes in Houston intervened. The roster is derived from the AMA listing and if your Zip has changed please let me know at the meeting or by phone, 488-5758.

SWAP LIST

From Art ARRO (488-5758) - Airtronics Hi-Start Rubber	\$ 6.00
From Paul Claeys (488-6407) - World Engines Expert 7-Channel	\$200.00
