

# THE RADIO CONTROL FLIER

## THE MSC-RCC NEWSLETTER

**NEXT MEETING:** JULY 10, 1986, 7:30 P.M.  
**LOCATION:** CLEAR LAKE PARK BUILDING

**PROGRAM:** SEE BELOW

### NEWS

It is time to say thank you to Dr. Brad Prior for his work as president of the club, and his extra work on our annual barbeque. From what I saw, it looked like the barbeque was a great success. Thanks Doc.

I also want to wish Jon Vincent good luck as our new president. He may need it. (Doc may need good luck in Las Vegas too.) So good luck to both of you.

**Our frequency tree has been chopped down. Do you know**

**where it is?**

Seriously, our frequency tree has not been seen in two weeks. This has already caused one crash. If you have it, or know where it is please bring it back or let us know so we can get it back. It probably was taken to a safe place during the 'hurricane' and has not been returned yet. Please, we need it.
